Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 15 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain tonight. Dry, bright and mild tomorrow afternoon.

This Evening and Tonight:
After a dry start, thickening cloud will bring light rain in from the west later. Southern areas may receive a few heavier showers during the early hours, as rain eases elsewhere. Outbreaks of rain return before dawn. Breezy at times. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Rain and low cloud will clear to the southeast during the morning, with dry and sunny conditions following. Becoming breezier through the day. Feeling mild. Maximum temperature 15 deg C (59 deg F).

Outlook for Wednesday to Friday:
Dry with sunny spells on Wednesday. Patchy light rain possible on Thursday morning, turning dry by the afternoon. Cloudy on Friday, some drizzle over upland areas but mostly dry elsewhere.
